

The Jep product family consists of ceiling, wall and suspended luminaires with a very low profile Glass Reinforced Plastic frame. Like a leaf held aloft on an autumn breeze, Jep appears to float above the room. Instead of jostling for attention, its unobtrusive elegance allows it to quietly take control over the architectural ambience of its surroundings. The gentle curve of the luminaire frame creates its own unique dynamic attraction while not competing with the building structure.

The figures speak for themselves: from just 45 watts the luminaire achieves 5000 Lumens (111 lumens per watt) with a 65% direct light and 35% in direct light to soften the contrast on ceilings. Integral DALI dimming allows light control to any space.

Luminous Intensity Distribution

Technical Data

Power: 45 W
 CRI Colour Rendering Index: 85+
 Lumen Output: 5,000 lm – direct component: 3,400 lm / indirect component: 1,600 lm
 Light Colour: 830 / 840
 Efficiency: 111 lm/W
 IP Rating: IP20
 Diffuser: Microprism (MPS)
 Body: ABS (Acrylnitril-Butadien-Styrol) with fibreglass reinforced recycled plastic
 Finish: Standard: Black or White (W) / Silver (Si) / Bronze (CH)
 Control: DALI Dimmable version available
 Power supply: Integral DALI dimmable
 Dimensions: 935mm x 360mm x 35mm
 Warranty: 5 years, with matched parts available <10 years
