V-TAC offers the energy saving, environmentally friendly, modern, advanced and of course profitable world of LED technology. As a part of the global V-TAC Exports Limited Company, V-TAC Europe Ltd. is an Europe's trusted LED supplier. The parent is present in more than 70 countries around the world

Based on the experiences accumulated over the years, it has become a fast growing company in the international wholesale market for LEDs.

The company is proud of the successful partnerships created in West, East and Central Europe, as well as in the Balkan region. Under the registered V-TAC brand, the company markets all kinds of LED lighting solutions – with focus on the best price / performance ratio.

Its products are certified under CE, RoHS, Dekra and TÜV and feature high-quality Bridgelux, Philips, Sharp, Citizen and Epistar LED chips and components used in them.
