Established in 1989 as a small family business, **Kanlux SA** has become a leading global company with several hundred employees. The company is actively expanding its sales network in Poland and abroad. In the course of its growth, Kanlux SA has established subsidiaries in the Czech Republic, Slovakia, Hungary, Ukraine, Romania, Bulgaria, Germany and Russia. Its products are currently available in over 40 countries, not only in Europe but also in places as far away as Bolivia, Gabon and Australia. The company provides a wide range of modern lighting solutions focused around six groups: architectural lighting, exterior lighting, home lighting, light sources and a range of auxiliary equipment such as wiring accessories and modular devices. Kanlux regularly introduces new products which combine innovation with functionality. The company pays great attention to the energy efficiency and durability of its products, follows the global trends and cutting-edge technological solutions. The products undergo rigorous testing in its laboratory equipped with modern measuring devices.

In the spirit of its motto "more than light", Kanlux SA is committed to a policy of responsible and environmentally conscious business, in strict compliance with the applicable standards and regulations, ensuring the appropriate environmental standards as well.
